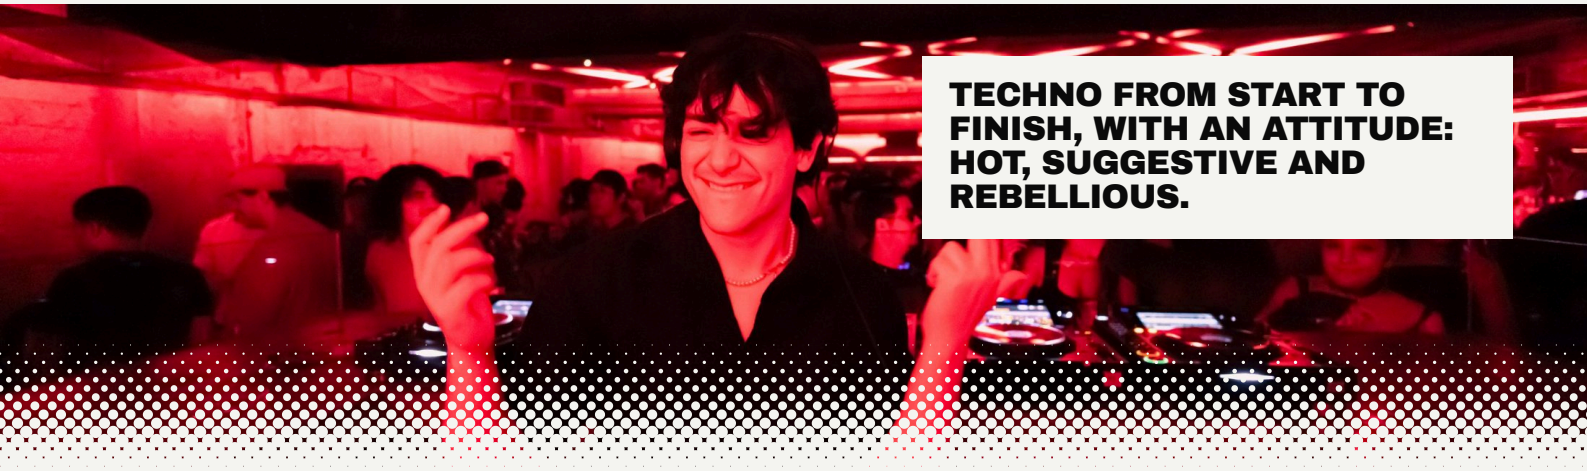
FELXHUS



TECHNO FROM START TO FINISH, WITH AN ATTITUDE: HOT, SUGGESTIVE AND REBELLIOUS.

[ABOUT]

Felxhus is the live, production and DJ project of Fernando Mejorado, based in Durango, Mexico, and active since 2024. A self-taught producer, he found his scene in Guadalajara's raves and nights at Bar Américas, and came to techno through the dancefloor.

The sound is swingy techno made for close dancing: dense texture, constant drive, moving low end and percussion you feel in the hips. It is techno from start to finish, with the swag and sensuality of R&B, rap and reggaeton.

He has music on labels from Mexico, Argentina and Colombia.
